3. Move/copy "Scania Upgrade for ETS2 by thunderhawk.scs" into the ETS2 mod-folder.

Example-path: C:\Users\"your name"\Documents\EuroTruckSimulator2\Mods\

4. Edit your profile in ETS2 and activate the file.

Uninstall:

Heavy-Haulage-Rack on 4-axle-chassis
parts (like Exhausts) on other chassis
also paintjobs
Or sell the complete vehicle(s)!
2. Edit your profile and deactivate the file.
3. Remove the file from the ETS2 mod-folder.
